### REAL ID REQUIRED EFFECTIVE OCT 11, 2018

Recently, the Department of Homeland Security granted South Carolina's request for extension to become REAL ID compliant. The extension expires on October 10, 2018. After October 10, 2018, Fort Jackson will no longer accept South Carolina Driver's License as the sole form of identification. Though it is NOT mandatory for a SC resident to get a SC REAL ID DL, but for entry onto military installations, air travel, etc. REAL ID is required. Golf Club members/patrons without a form of identification that is REAL ID compliant are encouraged to obtain the South Carolina REAL ID Driver's License. If a person elects not to get a REAL ID, they must provide additional identification in order to access the Installation. Acceptable forms of identification are as follows: Proof of Identity Examples: Birth certificate or valid US Passport. Proof of Social Security Number Examples: Social security card or W-2 Form that has your social security number and name and your employer's name. Two Proofs of Current, Physical SC Address Examples: Current, unexpired SC license or ID and a no more than 90-day-old utility bill with the same name and address. Proof of all Legal Name Changes Examples: Marriage license or court order issued by your court's probate or family court. One must show a complete name change history that links your birth certificate name to your present day name. If you have a valid US Passport or US Passport Card with your legal name, you may use that as your name change document.

**man's Association, and October 24 - Providence Hospital/Healthy Learners Golf Classic.**

RANGE CLUB Make 2018 the year you dedicate yourself to lowering that handicap. Becoming a member of the FJGC Range Club is a great first step! The yearly membership to the Range Club is only \$225.00. Each additional Family member can be added to a Range Club Membership for an additional \$25 per person. Each Range Club member will be issued two range ball bags. Before each practice session, simply return your empty bags to the Golf Shop and exchange them for two full bags. Any lost or missing bags can be replaced for a \$5.00 charge.

*We would like to remind ALL Range Club Members that your range balls are for your personal use only and cannot be shared with another person. We also ask that you NOT keep filled bags of range balls in your vehicle. The storage of balls in your vehicle greatly REDUCES the number of balls available to our patrons. In turn, this requires us to collect balls off the range more frequently and increases our labor costs. Of course, increased costs will be passed along to all of our customers!*

**ON THE COURSE...** At this time, we'd like to provide you with some updated information regarding the steps we have taken and plan to take over the next few weeks to improve the playability of several putting green surfaces damaged by "winter kill" on both courses at Fort Jackson Golf Club. Needless to say, we are not pleased with the current playing conditions. Rest assured, we are taking the necessary steps to return the greens to the conditions you have come to expect and deserve. As you know, we have sprigged the greens of holes 9, 10, 12, and 16 on the Old Hickory Course and have had temporary greens in play for the past few weeks. Recently, we have started to mow and roll these greens and expect to have these back in play by mid-July. On Saturday, June 23rd, we sprigged the greens on holes 6, 10, and 14 of the Wildcat Course. Temporary greens will be utilized for 6-8 weeks during the grow-in period. We also sprigged the practice green adjacent to the clubhouse. The green contours have been softened and low areas elevated to promote better drainage. The tree located adjacent to this green will also be removed. We anticipate the grow-in to take 6-8 weeks. We also plan to remove sod from the short course greens to patch/repair areas of several greens on both courses. Once the sodding is complete, the short course green will be regrassed. Once again, the grow-in period is expected

to take 6-8 weeks. One of the necessary annual tasks is aerating of the greens on both courses. The purpose of aerating the greens is to break up the thatch layer, promote root development

and improve percolation of the greens surfaces. Based upon the current conditions, we will be double-aerating the greens to include a deep-tine aeration. Aerating of the Old Hickory Course greens took place on Tuesday, June 26. Aerating of the Wildcat Course putting surfaces will take place on Monday, July 16. We appreciate your patience and understanding throughout this process. With the

additional workload on the Maintenance Staff, it becomes necessary to prioritize task on a daily basis. Unfortunately, this has resulted in routine tasks not being performed as often as you have come to expect. Once we have completed the grassing projects, you will see us return to our normal operations.

Aussie Chiller Hats. Soak these Chiller hats in cold water than wear them during your golf round. Chillers remain very cold for 5+ minutes, quite cold for 15+ minutes and comfortably cool until dry (1-3 hours) Re chill with a quick refreshing splash as necessary. Put ice cubes in it for a super chill down during these hot summer golf days. Stay Cool. Instead of letting your arms slowly morph into tender, red lobster claws, protect them with Columbia's Freezer Zero Arm Sleeves. Utilizing Omni-Freezer Zero and Omni-Shade--Two of Columbia's proven technologies--these sleeves shield your arms from unwanted sun and actively cool your skin! The sleeves are elastic bound and form-fitting for a secure, no-slip fit, and the synthetic material is quick to dry. The new Callaway Rogue irons are in stock. The Rogue irons are easy to hit, versatile, offer great sound and feel with substantial sized head with medium topline, medium sole-width and progressive offset. Suited for average players seeking balanced performance. More ball speed comes from the 360 Face Cup which gives the iron more of a wood-like performance. Plus, there's a tungsten-infused internal standing wave to get the center of gravity in exactly the right place for optimal launch. But the key new technology really helps to improve the sound and feel. Hollow irons can often sound and feel a little bit hollow? We don't get that nice solid feel we get from a forged club. So the Callaway Rogue irons feature something called urethane microspheres behind the face which dampen vibrations without sacrificing ball speed.

Clicgear Push Carts are for the golfer that prefers to walk, we have the Clicgear Push Cart which is lightweight (18 lbs) aircraft grade aluminum; the Clicgear push cart is both stylish and functional. Folds up incredibly small, up to 60% less space than other three wheel carts that make it easy to fit in storage or any vehicle trunk. clicgear is the most compact and coolest push cart on the market currently!

Our Installment Plan is available for purchase of \$300 or more. Callaway Trade In, Trade up is also available when you purchase Callaway golf equipment. Please feel free to ask Ada Simmons or the Pro Shop staff about any special orders. We will be happy to assist you.

## PROPER ATTIRE REMINDER

For men, collared shirts or a sport shirt is required when playing golf at FJGC. Women may wear collared shirts or sleeveless blouses with broad straps across the shoulders. T-shirts, cut-offs, tank tops or similar attire is prohibited. For first time visitors, some leniency is provided in order to assure that their first visit to FJGC is a positive one.

## ETIQUETTE REMINDER

*Keep in mind that your goal should be to keep up with the group ahead of you, not in front of the group behind you. Be considerate and let faster groups play through!*

## JUST A REMINDER

User fee must be paid for each round of golf you play. User fees are not good for the whole day.

## THINK ABOUT IT....

If you have paid fees to walk your round of golf, is it right that you hitch a ride with a patron that PAID cart fees or to put your clubs on their cart?

## HANDICAP CART POLICY

Recently, numerous concerns have been voiced regarding abuse of the Handicap Cart Policy. In order to obtain enhanced cart access due to physical limitations, one must submit the required documentation to the Admin Office which is then reviewed by members of the GAC. Patrons are reminded that carts MUST be kept at least 20 feet from the putting surfaces. Also, carts are NOT permitted between the green and bunkers. Everyone's cooperation is greatly appreciated.

## \*\*\*SAVE \$\$\$ WHEN YOU PURCHASE PING CLUBS\*\*\*
