

Special Needs Accommodation Process Team Fort Jackson, SC

What is a SNAP?

The Special Needs Accommodation Process (SNAP) Team is a multidisciplinary team established to ensure the safest and most appropriate placement of children with special needs.

Who might be referred to this team?

***Children who meet EFMP enrollment criteria.
Some examples of SNAP referrals:***

Asthma

Allergies

Diabetes

Hemophilia

Epilepsy

Down Syndrome

Seizure Disorder

Limited Mobility

Hearing/Vision/Language Difficulties

Developmental Delays

Autism

The Special Needs Accommodation Process represents an installation-wide partnership that works to ensure the most appropriate placement for all children accessing Child, Youth & School Services (CYSS). If you have any questions, please contact the following:

EFMP Manager.....751-5256

Parent Central Services.....751-4865

EDIS Coordinator.....751-6910

Community Health Nurse.....751-5251

Who are the SNAP Team Members?

- *Exceptional Family Member Program (EFMP) Manager*
- *Community Health Nurse (CHN)*
- *Educational and Developmental Intervention Services Coordinator (EDIS, if child is under three)*
- *Child, Youth & School Services (CYSS)*
- *Appropriate Experts*
- *Parents/Sponsor/Guardians*

When does SNAP meet?

The team meets as needed to review new registrations which indicate possible special needs and to review any concerns regarding children already placed in Child, Youth & School Services programs.

May I be present when my child is reviewed?

YES! Parent input is crucial in the appropriate placement of their child. You will be informed of the date, time, and location of the SNAP meeting. In order to assist the team you may be asked to bring specific information such as:

- *Medical documentation detailing developmental delays, illness, the severity of allergies (exposure, reactions & treatment), prescription medication.*
- *Current Individual Education Plan (IEP) for your child's school and/or other up-to-date educational evaluations.*
- *Educational and Developmental Intervention Services (0-3), Individualized Family Services Plan (IFSP), information regarding developmental evaluations, services provided.*

If I have concerns regarding my child's placement, may I request another meeting?

Certainly! The team reconvenes if a child's needs change, if the parents desire a different program placement, or if the child seems to be experiencing difficulties in the current placement. Contact the Exceptional Family Member Program Manager at 751-5256.

Are the CYSS staff trained to care for my child's needs?

All CYSS staff are trained and experienced. If your child presents a situation new to the staff, they will receive specialized training before your child is entrusted to their care.
